APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of the water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic feet per second. (One-half)

Actual construction work shall begin on or before October 4th, 1917.

Proof of commencement of work shall be filed before November 4th, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before October 4th, 1918.

Proof of completion of work shall be filed before November 4th, 1918.

Application of water to beneficial use shall be made on or before

October 4th, 1920 Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 4th, 1920.

Cancelled APR 13 1918 because of failure of applicant to comply with provisions of permit. WITNESS MY HAND AND SEAL this 4th day of August, 1917.

Seymour Case State Engineer.

J. L. Senghan State Engineer.
